

***Report from Caroline Horrill  
District Councillor for Sparsholt, Crawley and Headbourne Worthy***

Firstly may I offer my apologies for being absent from the Annual Parish Meeting this evening.

Please may I also take this opportunity to say thank you to Janice Whittle who has been an outstanding Parish Clerk and a wonderful support during my time as a Parish Councillor.

You have asked me to address the following topic tonight...

***"One outstanding event from last year and two plans for the future" in your role as District Councillor***

The outstanding event from the last year is the **working together with the Parish Council** on behalf of Sparsholt with regard to planning applications.

In particular our review of the wind turbine application at the College but also our input to part II of the Local Plan. It also includes our support for and endorsement of the Village Design Statement, the Conservation Area Appraisal and the defining of the building envelope which all provide guidance for how we as residents want to see our village in the future.

For the coming year I will continue to focus on the **highways issues** on your behalf – solving the flooding at The Plough once the ecological reports from the pond are available, finalising the road markings and continuing to tackle the excessive traffic through the village.

I will also work, as this year, on **individual issues** which local residents approach me about and ask for support. This covers an array of topics such as housing and planning.

Please do not hesitate to contact me on 01962 776844 or [caroline@barronhorrill.com](mailto:caroline@barronhorrill.com) if you have any questions.

Many thanks for your time and continuing support as your local representative.

*Caroline*
