

Sparsholt C of E Primary School - Report for the Parish Council

We have had action packed year so far. Every class in the school has enjoyed and learnt a great deal during their geographic enquiry day at the Gilbert White Field Study Centre in Selbourne.

We have also re-launched our new vision and values which include our three chosen Christian values - 'Dig deep and Flourish with Creativity, Courage and Compassion' this will soon be embedded for our whole community.

Our pupils continue to be very active and successful within the district sporting arena with many highlights including, winning the Winchester district Sports Hall Athletics competition and earning a place at the County Finals at Fleming Park. Our year 5/6 football squad have had a 100% match win rate this season. We continue to train hard and have fun playing our signature sport: Pop Lacrosse and are hoping to qualify for the national finals for the fourth consecutive year.

Looking forward we are excited about our whole school outdoor theatre production at the end of the summer term to which residents of Sparsholt village are warmly welcomed.
